

UNITED NATIONS GLOBAL COMPACT - *Best practices*

We focus on achieving Sustainable Development Goals (SDG) 4 and 17 through the TYPESA Foundation for Development, setting short-, medium- and long-term targets and indicators.

1. TARGETS WE WORK TOWARDS

Target 4.3. By 2030, ensure equal access for all women and men to quality technical, vocational and tertiary education, including university.

Target 4.4. By 2030, substantially increase the number of young people and adults who have relevant skills, including technical and vocational skills, for employment, decent jobs and entrepreneurship.

Target 17.17. Encourage and promote effective public, public-private, and civil society partnerships, building on the experience and resourcing strategies of partnerships.

2. OUR COMMITMENT

Promote technical education in developing countries.

3. ACHIEVEMENTS

This year, the TYPESA Foundation for Development has continued to significantly promote the development of the Lago Alberto University (UNILAC) in the Democratic Republic of Congo. The main advances have been the following:

- Increase in the number of scholarships granted in the civil engineering and agronomy faculties.
- Construction of an administrative building to separate management and administrative activities from the classroom areas, resulting in more efficient management.
- Continuation of premiums for teachers residing in Mahagi to ensure their permanence in UNILAC and an increase in the level of teaching.
- European mobility programme of the Universidad Politécnica de Madrid (UPM) for students and teachers of UNILAC (Erasmus+).

4. INDICATOR TRENDS

UNILAC University, Mahagi (DRC)	2020-2021	2021-2022	2022-2023
Enrolled students	368	416	477
Scholarships awarded through the Foundation	163	225	213

5. GOOD BUSINESS PRACTICE 2019: Supporting Education in Africa

TYPESA Foundation for Development reflects the company's sensitivity to the challenges of the African continent and to its commitment to providing development opportunities through education that contribute to the well-being of future generations. The launch of UNILAC University is the company's most sustainable project, conceived to train young Africans in disciplines that will enable them to develop business initiatives locally and discourage talent migration.
